## Complications in Foot & Ankle Surgery November 13 – 15, 2020

**REGISTER**

**Join nationally recognized foot and ankle surgery experts for this online conference!**

This online activity has been approved for podiatry continuing education (CE) contact hours, *AMA PRA Category 1 Credit™*, AOA Category 1-A credit, and nursing CE contact hours.

### **PURPOSE**

---

The purpose of this activity is to educate podiatrists, orthopaedic foot and ankle surgeons (MD/DO), physicians, physician assistants, nurse practitioners, nurses and other foot and ankle providers on the common and not-so-common foot and ankle surgery complications, including how to manage complications in order to provide the best outcome for patients.

### **LEARNING OBJECTIVES**

---

- Discuss the management of complications from forefoot and midfoot surgery.
- Discuss the management of complication of adult flatfoot deformity.
- Discuss the management of complications arising from trauma to the foot and ankle.
- Discuss the management of complications arising from ankle arthritis and subsequent treatment.
- Describe developing concepts in the diagnosis and treatment of foot and ankle conditions.
- Describe ways to perfect and refine surgical techniques in foot surgery.

**Are you looking for another opinion on a challenging case?** Submit your case for discussion during the “Curbside Consult” session on the final day of the conference. Our expert panelists will discuss your case while you get their opinions. No need for you to present the case and you can remain anonymous!

[Email Dr. Sean Grambart to submit a case.](#)

**Cases will be accepted through Thursday, November 12 at midnight.** Please ensure that HIPAA laws are followed and patient information is de-identified prior to submitting your case.
