

Behavioral Health Practice Management Workshop

2015

Friday, October 2, 2015

Des Moines University | Olsen Center
3200 Grand Ave. | Des Moines, Iowa

This annual workshop is designed to provide mental health clinic providers, administrators and staff with current information on changes in mental health services – whether in private practices, nursing homes, day treatment centers, community mental health centers and/or hospitals.

Workshop Presentation Overview

Billing for Outpatient Psychiatry and Psychology Services

Participants in this half-day seminar will increase their understanding of covered outpatient mental health benefits, hear tips to improve billing, and learn about available resources to help assure appropriate documentation and reporting of mental health and related evaluation and management services. Participants will also learn about the most common errors assessed for mental health claims reviewed by contractor of medical review staff.

Rise to Psychiatric Coding Challenges: Translating ICD-9 to ICD-10.

The introduction of ICD-10 brings with it special documentation requirements not seen in ICD-9. The number of diagnoses will increase and accurate coding is dependent on the providers documentation-ICD-10 codes are much more specific.

Iowa's Medicaid Modernization Program Update

The Iowa Department of Human Services (DHS) will have awarded contracts from two to four managed care organizations (MCOs) as part of Governor Branstad's Medicaid Modernization initiative by early August. The vendors will be providing services starting January 1, 2016. Participants will learn how the program is progressing and the chosen vendors will be invited to attend. Mental health clinics will be greatly affected as patients are switched to the new insurance companies and will need their guidance in the process.
