

The Iowa Clinical Education Collaborative  
**Presents**  
**APTA**  
**CREDENTIALLED CLINICAL INSTRUCTOR PROGRAM**  
**Level II**

**July 15 and July 16, 2024**  
**Des Moines University, Munroe Building**  
**3200 Grand Ave, Des Moines, IA**

**Course Description:**

From 2007 to 2017, the APTA offered the Advanced Credentialed Clinical Instructor Program (ACCIP), which was available to credentialed physical therapists to advance both clinical teaching and best practice when providing student clinical education. The ACCIP has now been replaced with the Credentialed Clinical Instructor Program Level II (CCIP Level II), which is open to a wider audience. The CCIP Level II both applies and goes beyond the concepts of the structured and effective learning environment from CCIP Level I to allow participants to further develop their clinical teaching skills and construct a clinical curriculum. The program's unique philosophy and design will enable clinical educators to achieve the best outcomes for student learning.

**Objectives**

At the conclusion of the Credentialed Clinical Instructor Program Level 2, the participant will be able to:

1. Discuss the benefits and key components of a clinical curriculum.
2. Advance clinical teaching concepts learned in the Credentialed Clinical Instructor Program, Level I (CCIP I) as applied to the novice-mastery clinical practice continuum.
3. Integrate professionalism into a clinical curriculum that promotes the guiding principles to achieve the Vision for the Physical Therapy Profession (2013) and the core values.
4. Diagnose and foster a student's clinical reasoning.
5. Outline a clinical curriculum to meet key learning experiences critical to patient management in their practice.
6. Integrate interprofessional education and collaborative practice into a clinical curriculum.
7. Integrate advocacy into a clinical curriculum.

**Intended Audience**

The CCIP Level II is designed for physical therapists and physical therapist assistants who have supervised or overseen the supervision of at least one student in clinical practice or have been actively involved in student learning and education since receiving the APTA CCIP Level I credential. Clinicians from other health care professions who have completed CCIP Level 1 and meet the above student supervision criteria are also welcomed to participate but would not be awarded the Level II credential.

**Pre-Course Assignments**

Once registration is received, you will be sent an electronic list of pre-course assignments *to be completed prior to your attendance*. There is no additional cost for pre-course assignments, and some provide additional CEUs.

**Note: Due to the time required to complete the pre-course assignments, participants are encouraged to register as soon as possible.**

**Credit**

Successful completion by PTs and PTAs can earn 1.7 CEUs and the APTA CCIP Level II credential. Other health care professionals are eligible to receive 1.3 CEUs. They are not awarded the Level II CI Credential.

***Note: Participants must attend each session in its entirety and complete the Assessment Centers to be eligible for APTA CCIP Level II Credential.***

**Presenters:**

**Lynn Frank, PT, DPT, NCS**, is a DCE in the DPT Program at St. Ambrose University and a member of the Iowa Clinical Education Collaborative. Lynn served as the SCCE at Genesis Medical Center in Davenport, Iowa, for six years before her appointment at the University in 2000. Lynn has been practicing physical therapy since 1987.

**Alecia Thiele, PT, DPT, MEd, ATC** is the DCE in the DPT Program at Clarke University. She has been in this position since 1999, and has served as Assistant ACCE at the College in 1997. She is a member of the Iowa Clinical Education Collaborative. In addition, Alecia has also served as the SCCE at Medical Associates Clinic in Dubuque, Iowa, since 1993. Alecia has been practicing physical therapy since 1991 and athletic training since 1994.

Both presenters are Trainers for both the APTA Credentialed Clinical Instructor Programs (Level 1 and Level 2).

Tuesday, July 16, 2024

7:30 a.m. Check-In

7:45 a.m. - 5:00 p.m. Coursework

Note: This schedule accounts for a 30-minute lunch (provided). Directions, parking, and hotel information will be sent with your confirmation.

---

**Registration Information****Registration Fees:**

- |  |       |
|--|-------|
| <input type="checkbox"/> APTA Member     | \$175 |
| <input type="checkbox"/> APTA Non-Member | \$300 |

Registration includes an APTA Level II e-manual, Assessment Center, CI credential (PTs and PTAs only), CEU certificate(s), Level II CI credential pin, registry in an APTA database, learning materials, and lunch.

**Registration Steps:**

- To register, go to: <https://ccip.apta.org>
- Access the CCIP online system, which takes you to the APTA login screen. If you are an APTA member, this will be your APTA login screen. If you are not an APTA member, choose Create a Free Account.
- When you enter the registration fields you will need to select the Des Moines Course offering.
- Complete all the registration fields.
- Once you have completed the APTA registration, go to the DMU link <https://cme.dmu.edu/apta-2024> to pay for the course.

**Items Needed to Complete the Registration :**

- ◆Copy of current professional license
- ◆Credit Card

**Registration Deadline: Monday June 24, 2024**

Registration will be limited to 30 participants. A nonrefundable administrative fee of \$20 will be charge for all cancellation received 72 hours before the start of the course. If you withdraw within 72 hours of the course start date, you will not receive a refund of the registration fees.

**Please note:** If you have a voucher from any of the Iowa PT programs that you are hoping to use as part or all of payment, we recommend verifying with that program first. It should then be submitted with your registration. A limited number of vouchers will be accepted.
