

To Whom It May Concern:

This letter is to confirm that the individual indicated on the accompanying certificate completed an online 2.0 contact hour, non-academic/non-credit medical terminology course through Des Moines University. The course can be found online at <https://cme.dmu.edu/medterms>.

The medical terminology course consists of 12 modules: cancer terms, medicine cabinet, circulatory system, musculoskeletal system, digestive system, nervous system, female reproductive system, respiratory system, male reproductive system, and urinary system. Many of the modules are accompanied with an ungraded post-quiz. To assess the individual's learning and obtain the certificate of completion, a comprehensive 30 question quiz is administered and 70% of the questions must be answered correctly.

While the above individual is not an enrolled student at Des Moines University, some organizations may recognize this continuing education course as a prerequisite requirement for employment or acceptance to an academic institution. This decision is left to the discretion of the employer or academic institution and it is the responsibility of the participant to confirm this prior to enrolling in the course. Des Moines University does not guarantee the course will be accepted and refunds will not be issued.

It's the responsibility of the individual to include a copy of their certificate of completion with this letter. This letter is invalid if a copy of the certificate is not included with the submission.

If you have any questions or need further documentation, please feel free to contact me directly.

Warm regards,

A handwritten signature in cursive script that reads "Vanessa Gray".
