

Poster #	Presenters	Poster Title
#1	Graeve, Michelle Nelson, Jessica Wells, Cody	<b>For individuals with decreased preoperative knee ROM, does receiving physical therapy post-TKA improve ROM for safe stair negotiation?</b>
#2	Carstens, Laura; Reicks, Taylor; VanMeeteren, Brooke	<b>Effect of Preoperative Rehabilitation on ACL Reconstruction</b>
#3	Best, Nicole; Church, Kelsey; McIntyre, Shayla	<b>Does early detection and intervention in infants with torticollis decrease the length of physical therapy needed to regain normal ROM?</b>
#4	Hope, Anna; Miller, Elizabeth; Carroll, Kaylee	<b>Parkinson's Disease: Reducing fall risk through physical therapy</b>
#5	Meyer, Beth; Omar, Muna; Reuter, Hannah	<b>Pelvic Floor Strengthening in Primigravida Women with Stress Urinary Incontinence</b>
#6	Frahm, Dyllan; Olson, Stacia; Schmidt, Ger	<b>Altered Landing Biomechanics and the Risk of Developing Patellar Tendinopathy (PT)</b>
#7	Pritchard, Jordan; Smith, Colton; Wyatt, Gunnar	<b>Early versus delayed range of motion and its impact on re-tear rates in patients status-post arthroscopic rotator cuff repair</b>
#8	Piechota, Cameron; Postma, Christopher; Truong, Brenda	<b>Virtual Reality Training in Post-Stroke Patients</b>
#9	Drees, Tamie Stull, Christopher	<b>The Benefits of Preoperational Physical Therapy in Lower Limb Total Joint Arthroplasty on Duration of Hospital Stay</b>
#10	Henningsen, Alex; Machir, Steven; Rohwer, Trevor	<b>Simultaneous or Staged Bilateral Total Knee Arthroplasty?</b>
#11	Christensen, Kaylen; Espey, Sam; Kienert, Adam	<b>Prognosis for Return to Work in Individuals with Low Back Pain With and Without Radiculopathy</b>

#12	Hildebrand, Joshua; Holmer, Katharine; Leal, Matthew	<b>Prognosis following anterior shoulder dislocations: Comparison of recurrence rate following surgical or conservative therapy</b>
#13	Powers, Benjamin; Hintz, Timothy; Wolfensperger, Oz	<b>Addition of Manual Therapy to Exercise Accelerated Return to Work in Patients with Low Back Pain</b>
#14	Denkinger, Taylor Hutchcroft, Mindy Raska, Katelyn	<b>Continuous exercise program leads to reduced falls in older adults with cognitive impairment</b>
#15	Kotz, Samantha; Nielsen, Vicki; Pedersen, Jason	<b>Does Group Based Outpatient Physical Therapy Have Similar Outcomes Compared to Conventional Individual Physical Therapy in Patients with Total Knee Arthroplasties?</b>
#16	Freeland, Stephanie; Rabedeaux, Michelle; Wims, Mary Beth	<b>Prediction of Independent Ambulation at Six Months Using Seated Trunk Balance Measures in Patients with Acute Stroke</b>
